

CARLTON

C is for Carlton, a long straggling street,
Also for Church where most people meet.
A is for Always, a welcome is here
Also A Gate where you can drink beer.
R is for Residents who live side by side,
Also for Ramblers who roam far and wide.
L is for Luck if you win the Friend's draw,
Also for Leicestershire – need I say more?
T is for Today, the annual Church Fete,
So come out and join us before it's too late.
O is for On, as in "On with the Show":
There's a competition for what you can grow.
N is for No, I've no more to say;
I'm happy to live here in Carlton each day.
