

Borough Report

Carlton Fete

Plans are well underway and I am looking forward to helping on Saturday- but as I write it looks like we may have some showers. I know that as in previous years that will not deter the visitors.

Cadeby Fete

Congratulations to all of Cadeby for the superb Summer Fete this year. I am sure it attracts more and more visitors each year and rightly so. The weather could not have been better so well done to all those who gave their time in the planning and organising.

Congerstone Fete

Yet another beautiful day which attracted many visitors. I have to say that their cake and coffee will take some beating!

Gatehouse Lodges

It would appear from the enforcement officers update that research and enquiries are still on-going and it seems that as one issue is uncovered another is triggered. In order to take action, the investigation must be absolutely thorough and so I think we need to be patient a while longer.

Unitary

You are no doubt aware of the recent Unitary details released which declare that Leicester and Leicestershire will be divided into TWO areas not THREE which was the one 87% of the residents opted for in the consultation. I make no apologies for my profound anger about this decision and attended the protest rally at Leicester County Hall on August 6th followed by a meeting of County Councillors to discuss possibility of challenging the decision.

Locally

I have been called out to several cases of fly tipping in the last month and overgrown hedgerows which affected visibility splays.

I also visited Market Bosworth Library who had a 10th anniversary celebration on Saturday 15th August and it was a good opportunity to be able to thank all of the volunteers who have kept it going.

The Richborough Appeal for the development in front of the Market Bosworth Golf Club was refused and we are awaiting the Judicial Review decision from the High Court concerning the Neighbourhood Plan which should be forthcoming in September.

I have written to the Inspector stating my opposition to the current planning appeal for development in Carlton

I am currently dealing with six individual issues.

Maureen
